EXPERIENCE

Accenture ATCI

Pune, Maharashtra

Business Architecture Senior Analyst

May 2024- Present

- Developed GTM artefacts and effort estimates across 25+ utility RFP proposals, influencing ~\$11M pipeline.
- Delivered Oracle CCB low-income discount program for a multi-million-customer U.S. utility on regulatory deadline.
- Designed internal Power App and Power BI dashboard giving practice leadership live win/loss pipeline visibility.
- Co-developed a reusable ESG data model encapsulating 80+ KPIs across five major global reporting frameworks.
- Built Clean Energy and Connected Energy Services value driver trees as internal reusable pre-sales solutioning IP.

Tata Consultancy Services Ltd.

Bengaluru, Karnataka

Systems Engineer

Aug. 2019- Sept. 2021

- Developed 30+ Oracle EBS programs across Procure-to-Pay and Order-to-Cash cycles using RICE components
- Built PL/SQL objects (procedures, APIs) and interfaces using SQL Loader to enable data integration across modules
- Supported SDLC including requirement gathering, development, testing, UAT coordination, and production support
- Led testing and implementation activities, including test planning, defect resolution, and stakeholder coordination

PROJECT EXPERIENCE/ INTERNSHIP

Elasticrun

Ranchi, Jharkhand

Strategy and Operations Intern

Apr. 2023-May 2023

- Executed benchmarking in and across industries on talent acquisition, and sales and distribution practices
- Proposed and pilot tested 3 new app functionalities to gauge unfulfilled demand of unlisted and stocked-out SKUs
- Created 2 new approaches for better understanding of buyer persona and improve rural marketing strategy

EDUCATION

2015	XII (CBSE)	DAV Public School, Burla	87.80%
2013	X (ICSE)	St Josephs' Convent Higher Secondary School, Sambalpur	87.67%

INDEPENDENT PRODUCT BUILDS

- **Materiality Map:** Built an ESG disclosure engine that maps a utility's operating profile to the precise subset of disclosures it must report across 7 reporting frameworks, with every indicator traced to its source standard.
- **Meridian:** Built a vegetation-risk decision platform that helps electric utilities allocate constrained tree-trimming budgets toward the highest-risk spans first, with regulator-defensible and traceable spend prioritization.

CERTIFICATIONS

- Online Diploma in Corporate Sustainability – ESG and sustainability frameworks (CSE, CPD accredited)
- Entry Certificate in Business Analysis 'ECBA' by International Institute of Business Analysis 'IIBA'
- Anthropic Education's Certificate on AI Fluency: Framework & Foundations
